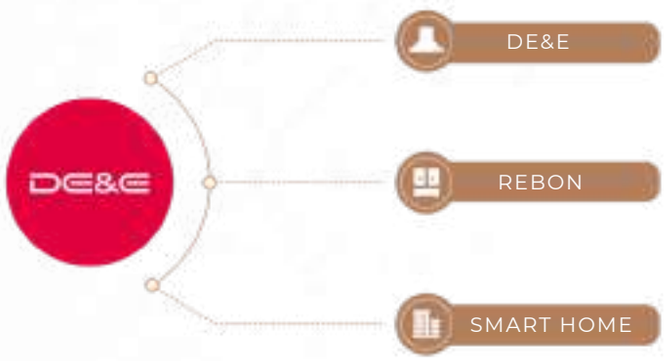
33 YEARS

LEADING THE WAY IN KITCHEN APPLIANCE TECHNOLOGY



CERTIFICATIONS

RoHS REACH CE CB

Owing to the strict and complete quality control system, DE&E has got lots of international certificates, including CQC, RoHS, REACH, GS, PSA, KC, SASO, SAA, ISI, ETL, CE, CB and CCC on all hoods. The highest quality standard, fresh new original design and customer-oriented service have made DE&E a reliable partner for world famous brands for both OEM and ODM business.

DE&E'S HONOR

IF Design Award

Pin-up Asian Design Award

China Appliance Award 2019

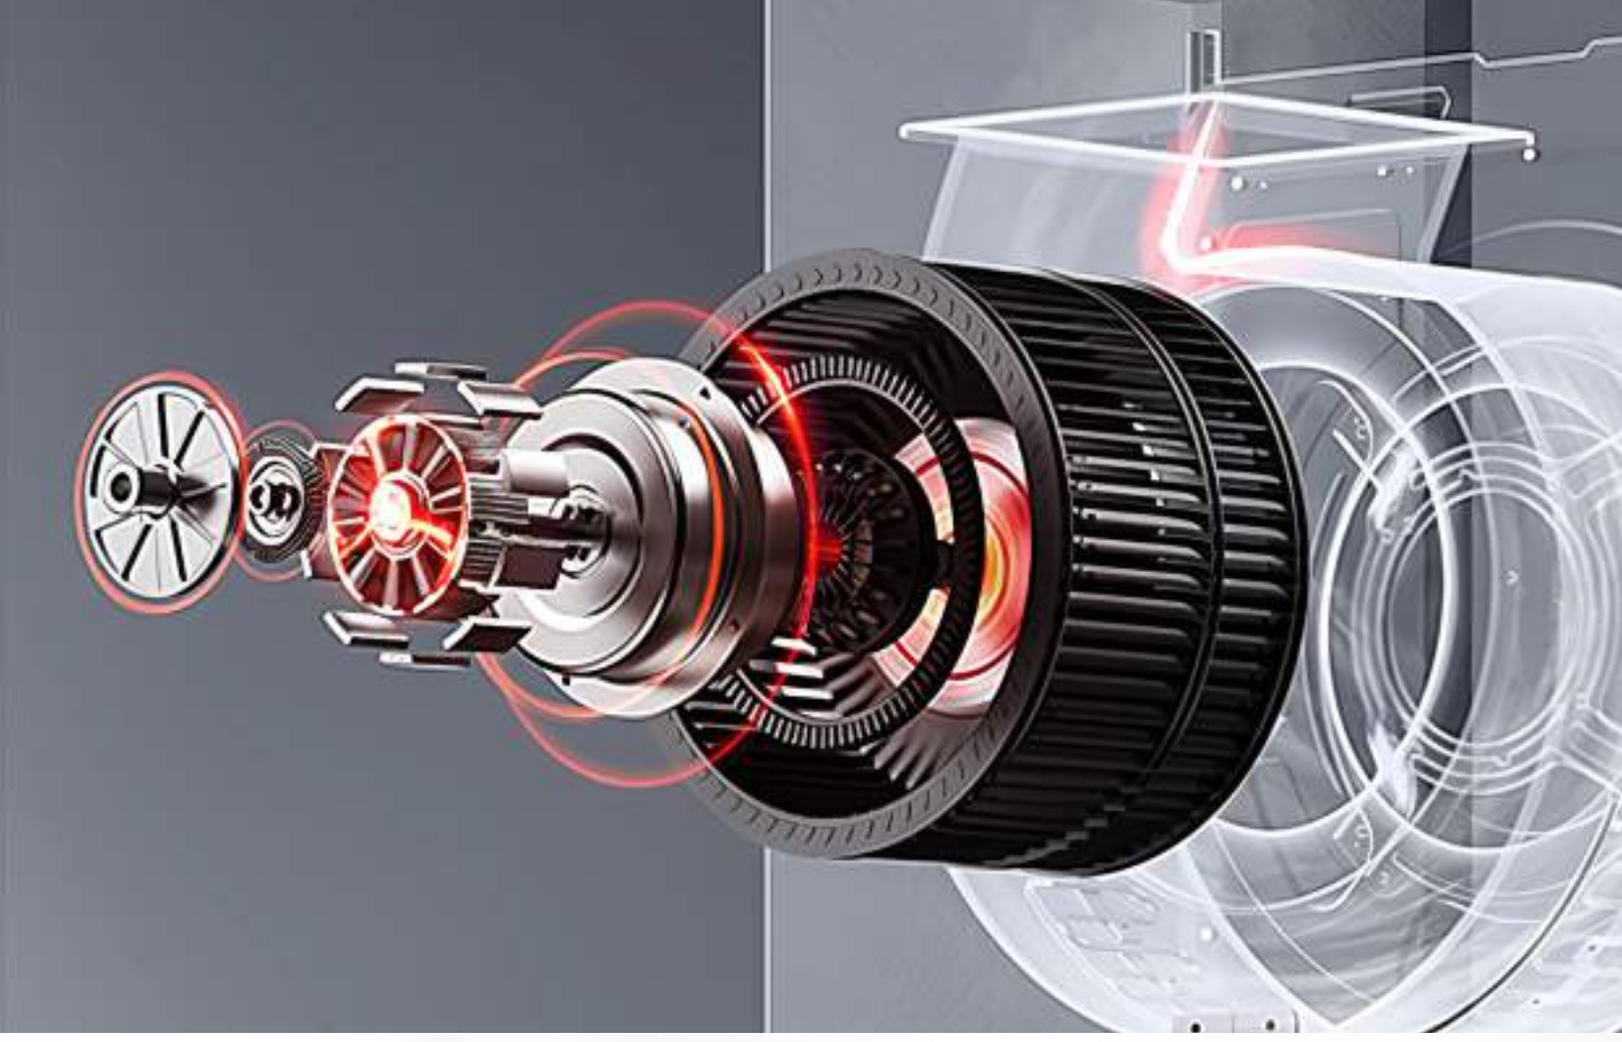
Efficiency Purification Star

Red Star Design Award

China's Most Successful Designs Award

MOST ADVANCED INTELLIGENT FACTORY IN CHINA.

DE&E has been in the market since its establishment in 1992 and has always prioritized innovation, investing over 5% of sales turnover into product development annually. With a leading R&D center, DE&E has obtained over 260 patents and numerous international certificates. Their intelligent factory enables efficient control of production and after-sales service. DE&E has a strong brand presence with 80 agents, over 6,000 shops, and 3,000 exclusive stores nationwide. The DE&E experiencing centers showcase products in various real-life scenarios, enhancing the brand's reputation for its comprehensive, integral, simple, and fashionable design style.



INTELLIGENT BOOSTING

“Intelligent Boosting” is the strength of DE&E. DE&E has used countless original technologies and patents to lead the Chinese kitchen appliances industry for 32 years.

MAX 12.0 HIGH WIND PRESSURE CORE TECHNOLOGY

DE&E developed “Intelligent boosting” series range hoods. With MAX10.0 high wind pressure core technology, it can change the speed of turbine automatically by using the full-sealed SP3.0 DC inverter motor. And the super large airflow can be up to 1250Pa.

As an OBM, we take pride in our ability to create and deliver high-quality products that embody our unique vision and values. By maintaining complete control over the entire production process, from design to manufacturing, we ensure that every product bearing our brand name meets the highest standards of quality, innovation, and craftsmanship. With our deep expertise and commitment to excellence, we strive to create memorable experiences for our customers and establish ourselves as a trusted and leading brand in the industry.

ORIGINAL BRAND MANUFACTURER

2024

DE&E launches the industry's first new type of range hood with an **air pressure up to 1300Pa**

2023

DE&E golden package, which combines 1200Pa high air pressure and 5,2w high firepower, is grandly launched, bringing a new cooking experiences of high air pressure, high firepower, full adaptation, intelligence, and high aesthetic value

2022

The breakthrough product of large space steam-baking, **DE&E steam baking balanced integrated range cooker, had been launched,** With 48L+48L innovative steam baking range cooker technology, it is leading the industry and has won the Aipulan Award recognition

2021

DE&E integrates its two major business, DE&E electric and Rebon Home, to establish **DE&E Smart Home** and enter the field of smart home business

2019

Endorsed by the world champion Chinese women's volleyball team, Ushering into new era of high air pressure for China's range hood industry

2017

The large-scale 4.0 smart factory with the highest degree of intelligence and automation in the industry has been officially born, located at HongXing Road

2015

DE&E launches ground-breaking dome series range hood products, **ushering in the "dome" era for China's range hood industry**

2011

The DE&E brand, **endorsed by internationally renowned actor Daniel Wu**, has officially launched a new brand strategy for DE&E

2002

DE&E has put into operation China's **First close suction range hood**, Rebon, **the first integrated cabinet specialty store in the country**, opened at the end of the year

2001

The large-scale factory of DE&E Electric Appliance in XiaoShan Economic and Technological Development Zone, with an investment of 60 million yuan, has officially been put into operation

1999

DE&E **range hood products officially launched**

1998

DE&E has successfully developed China's **First safe embedded gas stove,** ushering in a new era for the Chinese gas stove industry

1997

HangZhou DE&E Electric Appliance CO., LTD. was established

德意电气

1994

XiaoShan KangDa Gas Appliances Factory was established，Officially entered manufacturing field

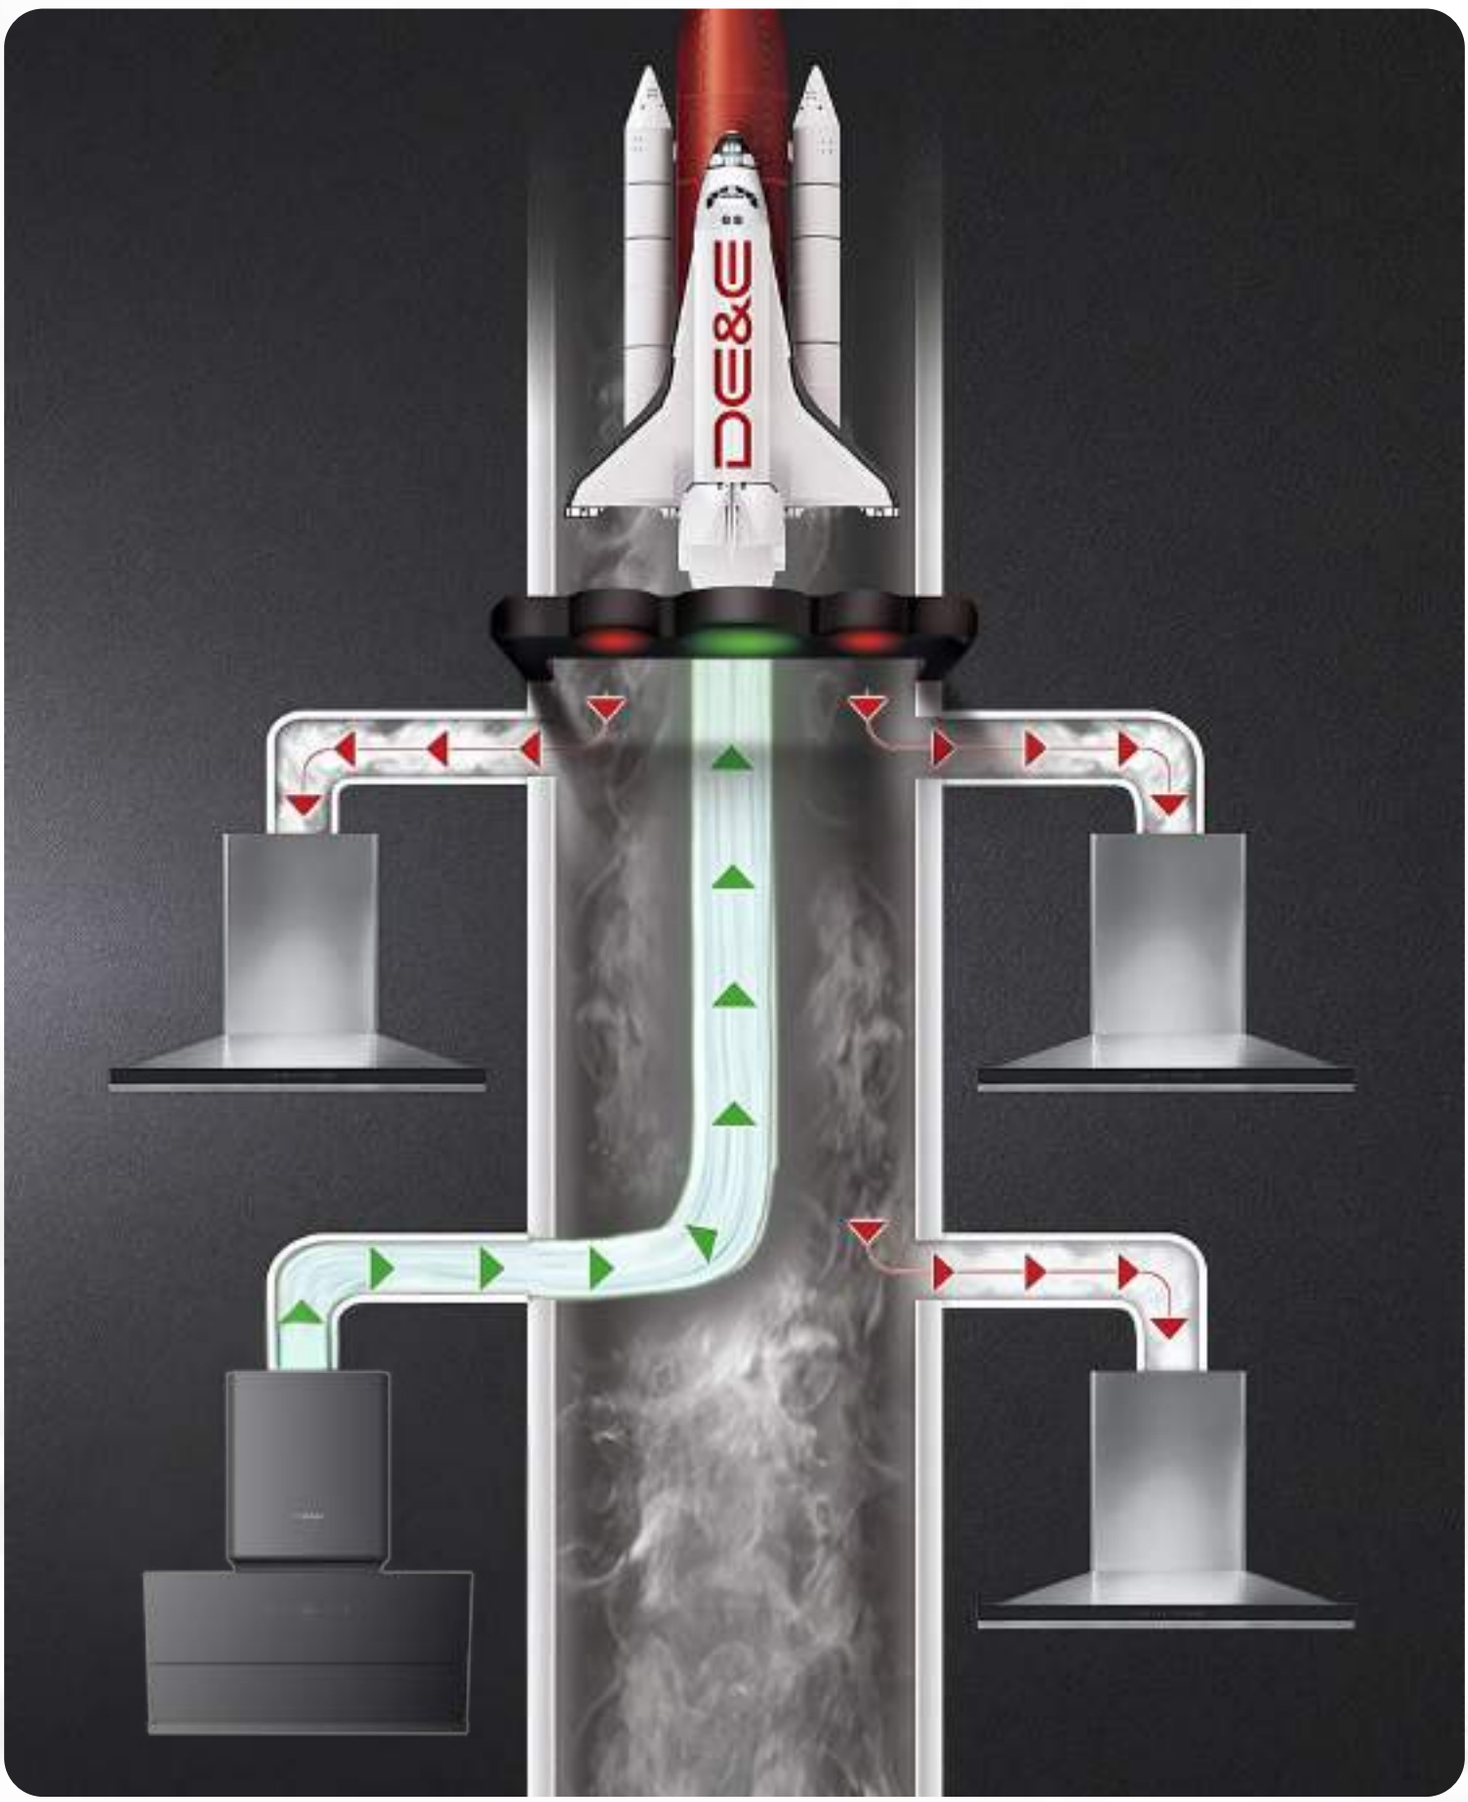
1992

Kangda gas Appliances Store in XiaoShan City

In 1992, the predecessor of DE&E, **"XiaoShan Kangda Gas Appliance Store"，** was estabilised

康达燃具

SUPER AIR PRESSURE TECHNOLOGY



MAX 12,0 SUPER AIR PRESSURE TECHNOLOGY

SP 3.0 Inverter DC Motor to generate auto sensing airflow up to 1200PA

COOL LED LIGHTS

Brings out the original vibrancy of ingredients

GESTURE 1.0

Hands-free operation, preventing contact with greasy hand

3-SECOND ANTI-PINCH FEATURE

Safety commitment, emit a beeping sound for 3 seconds to signal that it is about to close

REMOVABLE GREASE FILTER

Easy to clean and stays tidy

HIGHTLIGHT FEATURE

- Intelligent Boosting Motor
- 60hrs Automatically Self-cleaning
- Gesture Control
- 98% Grease Separation
- 3 Minutes Delay
- 190mm Ducting Hose
- Intel RF Connection

HPJ98

- Unrestrained Airflow (m3/hr) : **2950m^3/hr**
- Max Static Pressure (PA) : **1200PA**
- Rotation Per Minute : **2070 Rpm**
- Noise Level (db) : **55 dB**
- Type Of Motor : **Full Sealed Inverter DC Motor**
- Type Of Control : **3 speeds control**
- Grease Separation Rate : **98%**
- Odor Decrease Rate : **97%**
- Power supply : **262W**
- Dimension (W x D x H) (mm) : **895W x320D x955H**

Sabaf Burner Made in Italy

Spain Orkli Microswitch

Spain Orkli Safety Device

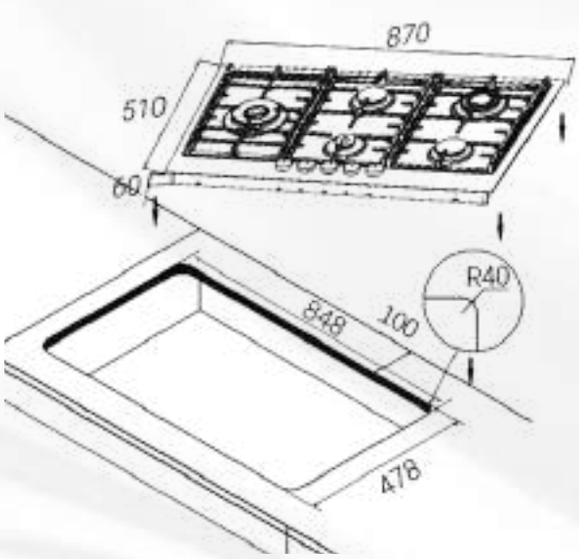
Easy Slide Pan Support

4.0kW Power

Italian Feeling

Ultra-Slim

- Panel : **304 Stainless Steel (Flush in available)**
- Burner Ring : **SABAF (Made In Italy)**
- Drip Pan : **304 Stainless Steel Finish**
- Burner : **ADC12**
- Pan Support : **Cast Iron in Enamel Finish**
- Ignition : **Battery (D Size)**
- Flame Failure Devices : **Spain Orkli**
- Efficiency : **62%**
- Power : **1 x 4.0kw, 1 x 3.0kw, 2 x 1.75kw, 1 x 1.0kw**
- Gas Type : **LPG / NG**
- Product Size : **870 x 510 x 110 mm (W x D x H)**
- Cut-out Size : **840 x 480 mm (W x D)**



SUSTAINBILITY FOCUS

The 68% Advantage: Our stove's remarkable heat efficiency ensures consistent and even cooking temperatures, allowing you to create culinary masterpieces effortlessly.

4 LAYERS TEMP-GLASS

A four-layer tempered glass hob offers durability, **safety**, **even heat distribution**, **scratch resistance**, **easy cleaning**, aesthetic appeal, longevity, and energy efficiency for your kitchen.

S7850i

- Panel : **4 Layers Ultra Slim Tempered Glass**
- Burner Ring : **Brass**
- Drip Pan : **Cast Iron in Enamel Finish**
- Burner : **ADC12**
- Pan Support : **Cast Iron in Enamel Finish**
- Ignition : **Battery (D Size)**
- Flame Failure Devices : **Spain Orkli**
- Efficiency : **68%**
- Power : **2 x 5.2kw**
- **Intel RF Connection**
- Timer : **99 Minutes control for 2 burners**
- Gas Type : **LPG / NG**
- Product Size : **780 x 460 x 135 mm (W x D x H)**
- Cut-out Size : **630-700 x 330-400 mm (W x D)**

Intel RF Connection

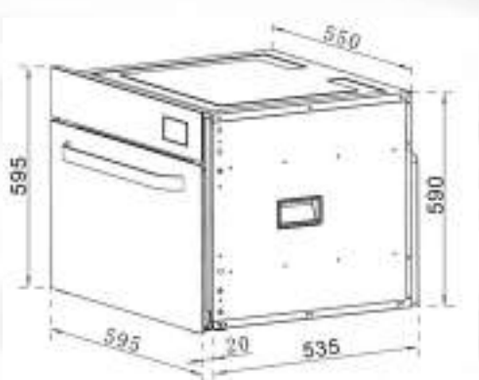
ADVANCED FEATURES HIGHLIGHT

- TFT Panel: Equipped with a Retina dazzling touch screen, achieving optimal settings.
- Bilingual (English and Chinese) display capability.
- 12 cooking modes to meet various needs.
- DIY 3-stage cooking mode operation.
- Multiple chef-designed recipes to enhance the overall culinary experience.
- Moisture drying mode for effective evaporation of steam.
- One touch descaling mode to maintain steam freshness and food quality.
- Food probe with progress status indicator for precise cooking.
- Independent upper and lower temperature control for layered food textures.
- 1.3L Innovative water tank: One-key automatic pop-up function and low water level reminder alert.
- Dual direct high-temperature steam jets
- Humidity adjustment (Low and High).

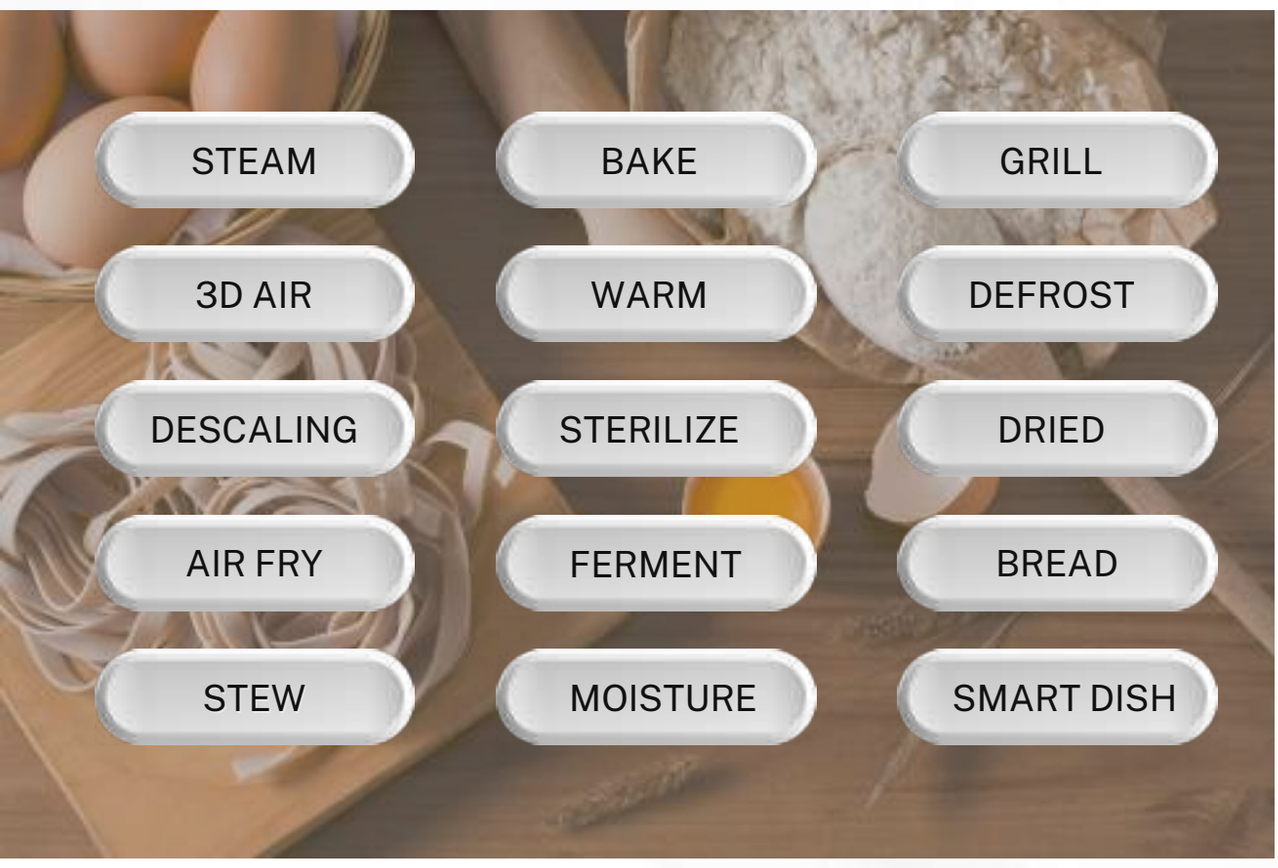
BEST COMBI OVEN

STEAM & GRILL COMBI OVEN ZK5770

- Function : **21 Functions + 12 Cooking Mode + 49 Chef Recipe/Smart Dish**
- Control Type : **TFT Full Retina Touch Screen Colour Display**
- Cavity Material : **High Grade Ceramic Nano Coated Inner Cavity**
- Panel Material : **Tempered Glass**
- Net Capacity : **70L**
- Temperature : **30-250℃**
- Door : **3 Layer Tempered Glass**
- Product Size : **595 x 520 x 455 (W x D x H) (mm)**



70L STEAM & GRILL COMBI OVEN
ZK5770



RETINA TFT PANEL

Equipped with a Retina dazzling touch screen, achieving optimal settings. The ZK5770 features a Retina dazzling touch screen, a high-quality display technology. It can provide finer image display effects such as brightness, contrast, saturation, and more. The result is clearer and brighter colors, making images more realistic and vibrant. This can offer users a more comfortable and enjoyable visual experience.

During use, different cooking modes, temperatures, and cooking durations can be quickly selected. During operation, the temperature inside the steamer oven cavity and the cooking status are easily visible.

CERAMIC CAVITY

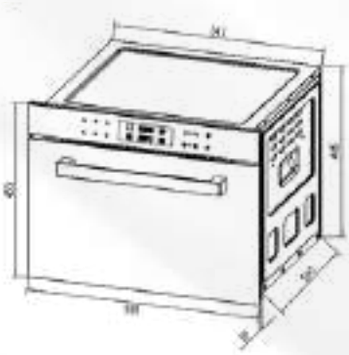
Introducing the Ceramic Coat Inner Cavity – the perfect solution for effortless cleaning. With just one swipe, you can say goodbye to stubborn stains and food particles. Enjoy a better cavity, without the hassle.

STEAM & GRILL COMBI OVEN ZK4585

- Function : **6+12 Functions**
- Control Type : **Fully Sensor Touch Control**
- Cavity Material : **High Grade Ceramic Enamel**
- Panel Material : **Tempered Glass**
- Net Capacity : **45L**
- Temperature : **30-120℃ (Steam) / 30-230℃ (Grill)**
- Door : **3 Layer Tempered Glass**
- Product Size : **595 x 520 x 455 (W x D x H) (mm)**

STEAM OVEN ZA4565A

- Function : **3+8 Functions With 30 Preset Menu**
- Control Type : **Fully Sensor Touch Control**
- Cavity Material : **High Grade Stainless Steel**
- Panel Material : **Tempered Glass**
- Net Capacity : **45L**
- Temperature : **30-120℃ (Steam)**
- Door : **3 Layer Tempered Glass**
- Product Size : **595 x 520 x 455 (W x D x H) (mm)**



COMPACT OVEN KA4505

- Function : **6+10 Functions**
- Control Type : **Fully Sensor Touch Control**
- Cavity Material : **High Grade Ceramic Enamel**
- Panel Material : **Tempered Glass**
- Net Capacity : **45L**
- Temperature : **30-260℃**
- Door : **3 Layer Tempered Glass**
- Product Size : **595 x 520 x 455 (W x D x H) (mm)**
